THE NEW CASCADE MADONNA LILY

You owe it to yourself to grow some of these beautiful new Madonna Lilies in your garden. They are disease free and produce excellent spikes 3 to 4 feet in height with many blooms to a stem. They make a wonderful show in the garden and are fine as cut flowers for the home. Nice big bulbs, 7 to 8 inches, that will bloom next year. Each bulb is carefully wrapped with special paper and with full planting instructions. 3 for \$2.00; 6 for \$3.75; 12 for \$7.00; 75c each.

NEW! NEW! NEW! Offered for the first time this year—White Elf, a new dwarf form of the above. The entire stem of the full-grown plant is not more than 24 inches high. Flowers are beautifully proportioned; foliage is a healthy deep green. Even the bulbs are much smaller than the mother plant, but this does not stop them from producing excellent blooms. Stock is very limited. \$3.25 each; 2 for \$6.00.

THE WONDER BULB... COLCHICUM (Giant Fall-Blooming Crocus)

These autumn-flowering bulbs are among the most beautiful of woodland flowers and are at home in any sunny spot in the garden or rock garden. Each bulb produces a number of large Crocus-like blossoms which appear during September and October. Plant the bulbs where they can be left undisturbed to increase each year. If kept indoors, the bulbs will bloom during September in the window without soil or water and after blooming may be planted outdoors. Plant about 4 inches deep. We offer giant size bulbs; each will send up several blooms. These should be planted early. Order as soon as possible.
